

ART

All Schemes of Work are accessed from the Art Department's website.

Pupils will be able to build on their previous work and will have an understanding of the work required to develop the units further.

All individuals will be able to produce relevant images using whatever media is available to them at home. They will also be able to build up their sketchbooks and annotate any work that is included.

As long as pupils adhere to the brief that has been distributed they will be able to continue their studies and further their understanding and investigations.
