

ART

All Schemes of Work are accessed from the Art Department's website.

You will be able to build on your previous work and will have an understanding of the work required to develop the units further.

You will be able to produce relevant images using whatever media is available to you at home. You will also be able to build up your sketchbook and annotate any work that is included.

As long as you adhere to the brief that has been distributed you will be able to continue your studies and further your understanding and investigations.
