**Identify as many techniques as you can find in this poem, providing a brief quote as evidence (answer here). Technique example = simile, personification and alliteration etc.**

### GOODNIGHT STROUD

The Clock Tower glowers.  
Its hands fidget towards dawn.  
Dark streets yawn.

It's late.  
The streets wait,  
restless as rain.

Trains idle up sidelines.  
A cyclist sidles by.

Black taxis scuttle  
down back alleys.  
A bright bus blunders  
up the High Street.

The belisha beacon blinks.  
Parked cars huddle  
like wet toads.  
The night thinks  
that the stars  
are sending morse-code.

#### 5. Structure

The sentences are mixed up. Sort out the sentences by numbering (1 to 6) them in the boxes provided to make one logical paragraph.

In fact, domestic dogs are all descended from the grey wolf.

Most of us think of dogs as pets, but across the world there are many different kinds of wild dog.

Of all the dogs, the wolf is the best known and the most feared by man.

So that sleepy pooch, lying on the carpet at home, is a distant relative of one of the most feared animals alive.

This includes 2 kinds of wolves, 21 kinds of foxes and 4 kinds of jackal.

So many stories and films have featured wolves as killers that the poor animal hardly stands a chance.

## 6. Analysis

Identify techniques used in this passage to persuade you. Provide a quote as evidence (use the box below).

### Meat - Britain's Favourite

We British really enjoy our meat. We always have 98% of us sit down to meat meals regularly, and figures show that more of us will be eating meat in 2008 than ever before.

Why? Because there's more to meat: more taste, more goodness, more value. As our tastes in food have changed, so butchers and supermarkets have kept pace, offering us leaner, well-trimmed and boneless cuts.

*Meat tastes good.* Even the smell of a good British beef roasting can tingle your taste-buds. Imagine sizzling steak, a convivial casserole or a smoking stir-fry.....ummmmm! Yummy!

*Meat does you good.* If you want to give your family a well-balanced diet, make sure they enjoy the nutritional benefits of meat: protein for strong, healthy growth; iron for healthy blood; zinc, vital for healing processes; vitamin B12, which helps prevent anaemia; thiamine, niacin and riboflavin for the conversion of carbohydrates into energy.

*Meat is great value for money.* Even after inflation, meat and bacon still cost almost 20% less than in the late 1990s.

EAT MORE MEAT!!!
